Opti-San NR™

Waterless Antiseptic Hand Sanitizer

NDC # 63631-221-12

Description: Intended to reduce bacteria on hands without the use of water, Opti-San NR is a ready-to-use hand sanitizer for use on hands that are visibly clean. Containing 62% Ethyl alcohol blended with emollients, this product is gentle to skin. Opti-San NR meets CDC guidelines and OSHA blood-borne pathogen standards. Produced following strict FDA Good Manufacturing Practices (GMP's)

Microbiology: Sixty-two per-cent (62%) ethyl alcohol has been show to an effective antimicrobial agent in a number of published studies and has been accepted for use as an acceptable hand sanitizer by the U.S. Food and Drug Administration (FDA)

Safety: This product is safe when used as directed. However, as with all products containing high-alcohol contents, this product is extremely flammable and should not be used in or around the presence of open flame or extreme heat. This product, like all high-content alcohol products should not be carried aboard aircraft or used in laser environments. This product must be kept out of the reach children.
