Opti-Scrub®

Moisturizing Antimicrobial Hand/Skin and Body Shower Cleanser

DESCRIPTION: Opti-Scrub is a ready to use, highly effective emolliated, anti-microbial hand and skin cleanser. It is especially useful in areas where the control of direct cross-contamination is important.

Opti-Scrub meets OSHA bloodborne pathogen requirements for effective hand washing in healthcare faculties and is formulated following strict FDA Good Manufacturing Practices.

MICROBIOLOGY: Opti-Scrub is effective against a wide range of microorganisms when used as directed, including, but not limited to:

- Streptococcus faecalis
- Staphylococcus aureus
- Salmonella typhosa
- Escherichia coli
- Pseudomonas aeruginosa
- Providencia rettgeri
- Bacillus subtilis
- Citrobactor Sp
- Corynebacterium pryogenes
- Enterobacter aerogenes
- Klebsiella pneumoniae
- Mycobacterium avium
- Enterobacter gergoviae
- Proteus mirabilis
- Salmonella choleraesuis
- Micrococcus luteus
- Mycobacterium smegmatis
- Proteus vulgaris
- Bacillus cereus
- Providencia
- Acinetobacter calcoaceticus
- Serratia marcescens
- Aspergillus niger
- Penicillium citrinum
- Aspergillus flavus
- Penicillium chrysogenum
- Alternaria solani
- Trichophyton rubrum
- Trichophyton tonsurans
- Epidermophyton floccosum
- Saccaromyces bayanus
- Candida albicans
- Mucor racemosus
- Rhizopus stolonifer
- Torula ramosa
- Pseudomonas cepacia

APPLICATIONS: Opti-Scrub is safe for use as an antimicrobial hand cleanser, a full body skin wash, and may safely be used on the hair or scalp. The use of Opti-Scrub as a pre-surgical shower and shampoo will significantly reduce microbial skin populations.

SAFETY: Independent studies show that Opti-Scrub is not a primary skin irritant and contains moisturizers, conditioners and skin protectants.
